Innovative Full Stack Web Developer with expertise in the MERN stack, including React.js, Node.js, Express.js, and MongoDB. Adept in creating functional, scalable web applications and seamless frontend-backend integration. Skilled in Generative AI and rapid learning of new technologies.

WORK EXPERIENCE

Pawar Nageshwar Pundlikrao

Proprietor

September 2020 - January 2023

Job responsibilities:

- Maintained meticulous financial records through efficient account management, ensuring accuracy and compliance with regulatory standards.
- Streamlined client onboarding processes by meticulously adhering to regulatory protocols, facilitating seamless account openings and enhancing client satisfaction.

PROJECTS

1. E-Commerce | |

JavaScript | CSS3 | HTML5 | React | Redux | Git | Node.js | Express.js | MongoDB | RESTful APIs | Responsive Web Design |

- Seamless user authentication process allowing customers to create an account and securely log in.
- Robust admin interface for managing products, users, orders, and other critical aspects of the store.
- Integrated secure payment gateways ensuring safe and reliable transactions.
- Developed using the MERN stack with advanced search functionality and responsive design.

2. Movix.com | |

JavaScript | React | Git | CSS3 | HTML5 | Responsive Web Design | RESTful APIs |

- Dynamic web application built with React.js for an immersive movie browsing experience.
- Advanced search functionality and customizable filters for finding movies based on various criteria.
- Seamless integration with external APIs for up-to-date information and comprehensive movie details.
- Engaging features such as user reviews, ratings, and personalized recommendations.

3. Superhero Resume | |

HTML5 | CSS3

- Designed and implemented a visually appealing superhero-themed resume website using HTML5 and CSS3.
- Created a user-friendly interface to effectively showcase skills and experience.
- Applied responsive web design principles to ensure compatibility across different devices.
- Enhanced visual elements to make the resume stand out and grab attention.
- Adhered to best practices in web design to create an engaging user experience.
