Course Certificate  
*Masai School*

## PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer adept in the MERN stack, with strong skills in JavaScript, HTML, CSS, and database management using MongoDB. Proven ability to utilize Generative AI to enhance development workflows. Quick to learn new tech stacks and integrate them effectively.

## WORK EXPERIENCE

### Pawar Nageshwar Pundlikrao

Proprietor

September 2020 - January 2023

#### Job responsibilities:

- Ensured meticulous financial record-keeping, demonstrating strong attention to detail and accuracy.
- Streamlined client onboarding processes through adherence to regulatory protocols, enhancing client satisfaction and operational efficiency.
- Implemented efficient account management practices, which could be translated into managing databases and maintaining backend stability in web applications.

## PROJECTS

### 1. E-Commerce | |

JavaScript | CSS3 | HTML5 | React | Redux | Git |  
Node.js | Express.js | MongoDB | RESTful APIs |  
Responsive Web Design |

- Implemented a user authentication process and a robust admin interface for managing products, users, and orders.
- Developed advanced search functionality and secure payment gateways to enhance user experience.
- Utilized MERN stack (MongoDB, Express.js, React, Node.js) to build a full-featured web application.
- Ensured responsiveness and seamless interface across all devices.

### 2. Movix.com | |

JavaScript | React | Git | CSS3 | HTML5 |  
Responsive Web Design | RESTful APIs |

- Developed a dynamic React.js web application for immersive movie browsing experience.
- Implemented advanced search functionalities and seamless integration with external APIs to fetch real-time data.
- Enhanced user experience with features like user reviews, ratings, and personalized recommendations.

### 3. Superhero Resume | |

HTML5 | CSS3

- Designed and implemented a visually appealing superhero-themed resume website using HTML5 and CSS3.
- Ensured user-friendly interface and intuitive navigation, enhancing user experience.
- Applied best practices in web design to create a clean and responsive layout.
- Utilized CSS3 for styling and animations to create an engaging visual presentation.
- Focused on usability and accessibility to ensure compatibility across various devices and browsers.
